DETAILED ACTION

1. This Office action is a non-final Office action in view of the new grounds of rejection under double patenting.

Information Disclosure Statement

2. The Form 1449 attached to the Information Disclosure Statement filed 03 March 2003 has been completed and all references except reference C-36 and C-153 have been indicated as considered. Reference C-153 is not an appropriate prior art reference for inclusion in an Information Disclosure Statement because it is not a prior art reference available to the public. Reference C-36 was not entered into the application file, and it appears to be an incorrect citation that was not retrievable from the USPTO library for consideration.

Oath/Declaration

3. The Rule 63 Declaration filed 24 January 2002 has been accepted in view of the Application Data Sheet filed 29 September 2003 which establishes the signature above the name of Alan Wolffe as the legal representative of the deceased inventor.

Claim Rejections - 35 USC § 112

4. The rejection of claims 1-24, and 31-34 under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for methods of delivery of zinc finger proteins to cells by introduction of an expression vector, does not reasonably provide enablement for methods of delivery of zinc finger proteins to cells by introduction of exogenous zinc finger proteins to cells in the Office action mailed 12 August 2003 is withdrawn in view of the amendment filed 29 September 2003.

Terminal Disclaimer

Art Unit: 1631

5. The terminal disclaimer filed on 29 September 2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent Numbers 6,534,261, 6,607,882, and copending Application numbers 09/706243, 09/897844, and 10/222614 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Double Patenting

6. The rejection of claims 1-8, 10-14, and 25-34 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-12, 18-22, 25-28, 30-41, 47, 49-51, 54-57, 59-70, 74-78, and 81-84 of U.S. Patent No. 6,534, 261 in the Office action mailed 12 August 2003 is withdrawn in view of the terminal disclaimer filed 29 September 2003.

7. The provisional rejection of claims 1-8, 10, 11, 14, and 25-34 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 31, 34-43, 50-54, and 57-60 and 62 of copending Application No. 09/478681, now U.S. Patent No. 6,607,882, in the Office action mailed 12 August 2003 is withdrawn in view of the terminal disclaimer filed 29 September 2003.

8. The provisional rejection of claims 1-8, 10-12, 14, and 24-34 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-12, 18-23, 26-29, 31-42, 48-53, 56-59, 61-72, 76-81, and 84-87 of copending Application No. 09/897844 in the Office action mailed 12 August 2003 is withdrawn in view of the terminal disclaimer filed 29 September 2003.

9. The provisional rejection of claims 1, 2-8, 10-12, 14, 24, 31, 32, and 34 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over

Art Unit: 1631

claims 118-129, 136-139, 141-152, 159-161, 163-170, 172-174, 179-183 of copending

Application No. 09/706243 in the Office action mailed 12 August 2003 is withdrawn in view of the terminal disclaimer filed 29 September 2003.

10. The provisional rejection of claims 1, 12, and 14 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 89, 90, and 92 of copending Application No. 10/222614 in the Office action mailed 12 August 2003 is withdrawn in view of the terminal disclaimer filed 29 September 2003.

11. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. See *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and, *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b).

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

Art Unit: 1631

An obviousness-type double patenting rejection is appropriate where the conflicting claims are not identical, but an examined application claim is not patentably distinct from the reference claim(s) because the examined claim is either anticipated by, or would be obvious over, the reference claim(s). see, e.g., *In re Berg*, 140 F.3d 1428, 46 USPQ2d 1226 (Fed. Cir. 1998); *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985).

12. Claims 1, 8-12, and 14 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 19-22 and 31-34 of copending Application No. 10/245415. Although the conflicting claims are not identical, they are not patentably distinct from each other because the copending claims are species of the instant claims.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

13. An obviousness-type double patenting rejection is appropriate where the conflicting claims are not identical, but an examined application claim is not patentably distinct from the reference claim(s) because the examined claim is either anticipated by, or would be obvious over, the reference claim(s). see, e.g., *In re Berg*, 140 F.3d 1428, 46 USPQ2d 1226 (Fed. Cir. 1998); *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985).

Allowable Subject Matter

Art Unit: 1631

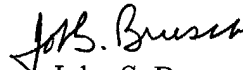

14. Claims 2-7, 13, 15-23, and 29-34 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
